Camp Buc

Camp Buc

Camp Buc – *giving children room to be young in creation.* The wilderness comes alive at Camp Buc as kids swim, hike, canoe, fish, garden, cook, sing, play, and worship. Our seasoned staff of leaders and vibrant young adult counselors weave Christian faith and practices into each day. Children work and play collaboratively with respect, teamwork and responsibility. With each activity, we strive to give children room to be young in the face of God's creation, to have a safe place to be themselves, to appreciate beauty, and to live in the awe and wonder of childhood. Our counselors live with the children and share the love of Christ in their fun-loving guidance. While having relaxed summer fun with friends, children grow in their understanding of stewardship, compassion and community.

Day Camp 5 days \$250 (9am-3:30pm) *Kindergarten 5 year olds -- 3rd grade completed*
A great way for children to be introduced to the wilderness and farm Buc experience. This camp includes all the activities of our younger elementary-aged camps. *Camp Buc Bus pick-up at Cashiers park and cabin rentals available.*

Parent/Child Camp 3 nights \$150 each *Kindergarten 4 year olds – 2nd grade completed*
Introduction for parents and children to the wilderness and farm Buc experience. This camp lets a grandparent or parent enjoy camp life with their younger child. Counselors lead parents and children in swimming, hiking, canoeing, fishing, crafts, farm and garden, cooking, singing, worship and games.

Braves 3 nights \$300 *1st – 3 grade completed*
A great first taste of camp life. Children get acquainted with the basics of camp -- being away from home, sleeping in the woods in cabins, and having fun with a new group of friends. Swimming, hiking, canoeing, fishing, gem mining, crafts, farm and garden, cooking, singing, worship and games are all included in these three nights.

Scouts 5 nights \$425 *1st-3rd grade completed*
A full week gives the Scouts a rich camp experience - fun, fellowship, love for the outdoors, introduction to farming and gardening with our cats, dogs, chickens and sheep. All regular camp activities plus the opportunity to sleep in tents, cook around the campfire, gold panning and hike to the waterfalls.

Pathfinders 5 nights - \$450 / 12 nights - \$900 *3rd to 5th grade completed*
The Pathfinders will explore the world and their place in it during this week at camp! Campers learn to grow food, set up camp and cook dinner over the fire, along with an introduction to the ropes courses, archery, canoeing and bouldering. This camp helps children explore strengths, weaknesses and the security of a supportive group of friends.

Explorers 5 nights - \$540 / 12 nights - \$1080 *6th to 8th grade completed*
The Explorers meet middle school children as they begin to test themselves individually and in community. Multiple days camping take their skills to a higher level as they learn to live in the outdoors with a group of friends. High ropes, whitewater paddling on the Nantahala, and horseback riding make this camp memorable. Christian Stewardship of the land, "no trace" camping and learning to work as a team in a new setting are all themes that help campers practice sensitivity, responsibility, empathy and positive self esteem.

Adventure Leadership 5 nights - \$580 / 12 nights - \$1160 *8th to 11th grade completed*
High School youth dig a little deeper to discover who they are in the world. This camp picks up where the Explorer camp ended by taking the challenges and responsibility up a level. Safety protocols and teamwork are emphasized with each new adventure in a progression from High Ropes, some short hikes, to rock climbing, rappelling, and a multi-day backpack trip. Whitewater paddling and mountain biking are options as the group works together to focus in on a final adventure after the first week sampler. The challenge level is high, but all who are willing to put forth the effort are invited to join in the adventure!

Service Leadership 5 nights - \$300 / 12 nights - \$600 *8th to 11th grade completed*
Live out faith through action. Many High School youth are looking outward to serve others, and we have many opportunities for service at Buc. From small building projects to trail clearing, this group joins in the daily rhythm of the base camp with worship, games, swimming time and the campfire, but the activity time each day focuses on service. The group takes time to analyze a task, make a work plan, and follow through with different campers taking leadership roles. Like the adventure camp, safety and skills are developed in a group process that provides a sense of accomplishment to the young adult.

Counselor In Training (CIT) 5 nights \$300 or 12 nights \$600 *10th to 12th completed*
The CIT experience gives high school student an opportunity to begin the training process for becoming a camp counselor at Buc. A CIT works closely with one or two groups of children under the supervision of a counselor and coordinator to reflect on the work at hand and see how it fits in their faith development. CIT training requires being flexible, open-minded, compassionate, sensitive to young children's needs and hard working.
